CORE VALUES

Community Matters

We believe no player succeeds alone. Our alumni, families, and sponsors come together to remove barriers and ensure kids can keep playing, traveling, and growing through soccer. The strength of our community is what makes lasting opportunities possible.

Better Together

Our club was built on unity. By merging two former rivals, we showed that collaboration and shared purpose can achieve more than division. When we work together—with teammates, families, and community—we create something greater than ourselves.

Champion's Mentality

Winning isn't just about medals. It's about discipline, belief, and competing with purpose on and off the field. We prepare our players to carry this mentality into school, careers, and life—becoming champions in whatever path they choose.

Enjoy the Journey

Soccer should be both challenging and fun. We value balance—discipline paired with joy—so players grow, stay motivated, and develop a lifelong love for the game. True success comes when the journey is enjoyed along the way.

BE A PART OF THE TEAM

Join us as a valued sponsor or partner; together, we can uplift our community and elevate soccer in Idaho.

Your support builds a thriving soccer community, creates more growth opportunities, and empowers young athletes to chase their dreams. By partnering with us, your brand will gain visibility and representation at both local and national levels, showcasing your commitment to making a difference.

Let's work together to make an impact—on the field and beyond!

From learning the basics as young athletes to transitioning from high school into college, or continuing their journey after graduation, our pathway supports players at every step. With strong community backing and professional partnerships, we empower athletes to achieve their goals both on and off the field—no matter where they are in their soccer journey.
